

**Study programme: MATERIALS ENGINEERING**

No.	Subject Name	Semester	Classes				ECTS
			Lecture	Exercises	Laboratory	SRW	
1.	Engineering Statistics	1	3	3	0	0	6
2. 3.	Election Block 1 ( <u>two of the six</u> )	1	3	0	3	0	7
	Technology of Polymer Coating						
	Polymers Application in Construction						
	Nanostructured Materials						
	Modern Polymer Materials						
	Materials for the Protection and Conservation of Cultural Heritage						
	High Technology Materials						
4.	Study Research Work	1	0	0	0	20	10
5.	Election Block 2	2	3	0	3	0	7
	Simulations in Materials Engineering						
	Technology of Biopolymer and Environmentally Friendly Materials						
	Non Destructive Testing Methods						
6.	Practice	2					3
7.	Preparation and Defense of the Master Thesis	2					20
