

## Study programme: PHARMACEUTICAL ENGINEERING

No.	Subject Name	Semester	Classes				ECTS
			Lecture	Exercises	Laboratory	SRW	
1.	Engineering Statistics	1	3	3	0	0	6
2. 3.	Election Block 1 (two of the six)	1	3	0	3	0	7
	Chemistry and Technology of Dietary Supplements						
	Technology of Pharmacologically Active Substances of Plant and Animal Origin						
	Preparations of Active Cosmetics - Cosmeceuticals						
	Advances in Biopharmaceutical Production						
	Enzymes Application in the Pharmaceutical Industry						
	Antioxidants in the Pharmaceutical and Cosmetic Industry						
4.	Study Research Work	1	0	0	0	20	10
5.	Election Block 2	2	3	0	3	0	7
	Environmental Protection in the Pharmaceutical Industry						
	Pharmaceutical Packaging Materials						
	Microcapsulated Systems						
6.	Practice	2					3
7.	Preparation and Defense of the Master Thesis	2					20
