

Company-Sponsored international MSc program

You would like a career in the Dairy sector working for an international company in
Serbia?

You are open to learning a new language and facing interesting challenges?

This offer is for you!

We are offering a Company-Sponsored Master's degree at ESA with a major **French International Dairy Production Company**

Successful candidates will

- spend two years in France - with an additional 3-6 months of intensive French in advance of the program according to your current level of French
- receive high level training in technical and managerial competencies and learn a new language (French)
- have all expenses (travel, tuition, insurance) costs covered
- study half time at ESA and work half time in the company with a tutor
- successful graduates earn a Master of Science in Engineering from Ecole Supérieure d'Agricultures Angers Loire (ESA)
- work for a minimum of two and a half years in the sponsoring company in Canada after the program in France

The program is managed by ESA, a major institution of higher education in the field of Life Sciences in France.

Successful completion of the program earns an entry-level management position in the sponsoring company's industrial site in Canada after the end of the program.

Requirements:

Candidates must have:

- a minimum of **four years** of Higher Education (completed and graduated) in **Food Sciences, Microbiology, Biotechnology or Chemical Engineering**
- a strong motivation for a career in industry - and especially in dairy production
- a desire to learn new cultures and the French language
- a real capacity to overcome challenges and to develop new competencies
- an experience abroad would be appreciated

Application process:

Applications online to ESA at <https://olage.groupe-esa.com>

Click: I²FA program: Engineer-Master's Degree - Sandwich Course: Company Sponsored

Application Deadline: January 18th 2022 Only fully completed application files will be examined.

The selection process is in two steps. ESA will examine your application and will contact you for a first interview in English by one of their team. If ESA decides you are a solid candidate we will pass your file on to the company.

*ESA will arrange **company interviews in Serbia in February**. The company makes the final choice. The program begins in early April for total beginners in French. In June for those with an A2 level and late August for French speakers.*
